

PLEASE LEAVE THIS LETTER ATTACHED

Following is a list of instructions to assist you in filling in your property valuation protest.

Prior to filing this protest, we ask that you discuss the valuation with the office staff of the County Assessor's office. This could possibly eliminate the need for filing a formal protest. If, after consultation with the County Assessor's office, you still wish to file a protest, please read the following instructions.

1. Protests must be limited to valuation or equalization only; this is not and cannot be a protest of taxes.
2. All information **MUST** be filled out on the protest. Reasons for change in value and the amount of the requested change **MUST** be explained on the form.
3. In addition to these instructions, please read the instructions on the back of the Protest Form 422 and the "Supplemental Instructions", form included with the protest form.
4. When filing an agland protest form, it has been requested to submit your current FSA records with the protest form.
5. This form must be filed with the County Clerk between June 1 and June 30. Early or late filings will cause the protest to be invalid.

We ask that you file early.

Once filed, the County Board of Equalization will hold a hearing, reviewing the protest and all information submitted and render a decision at a later time. **You will be notified as to the time and date of your hearing. Due to scheduling restraints, we will allow only one scheduled appointment.** You are not required to attend this hearing. If you choose not to attend, your protest will be considered by the Board of Equalization with the information submitted on the form.

Yes, I plan to appear.
